

The President's Photographer: Fifty Years Inside the Oval Office

Filesize: 6.48 MB

Reviews

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Kaycee McGlynn)

THE PRESIDENT'S PHOTOGRAPHER: FIFTY YEARS INSIDE THE OVAL OFFICE

National Geographic Society. Hardback. Book Condition: new. BRAND NEW, The President's Photographer: Fifty Years Inside the Oval Office, John Bredar, Pete Souza, "The President's Photographer" gives everyday people a sneak peek into life at the chief executive's side - providing a rare and intriguing glimpse of White House inhabitants and the professionals who capture their images. Intriguing photos transport readers into the life of President Obama, from breakfast with Michelle and the girls, to tense meetings with third-world dictators, and dazzling formal events. We are treated to an insider's view of previous administrations as well, beginning with the Kennedy years and the first official photographer in 1962. Author John Bredar also takes us behind the lens, into the often surprising world of the photographers themselves. "The President's Photographer" complements the National Geographic television special that focuses on current White House photographer Pete Souza, detailing a week in his life as he covers Washington events and Obama's trip to receive the Nobel Prize in November 2009. The book covers this and much more, taking a deeper look at 20th-century history and the White House photographers who chronicled it. Engaging chapters reveal the entwined relationships of photographers and presidents, from the Cuban missile crisis and Vietnam to Monica Lewinsky and 9/11. We examine the growing importance of the photographer's role in keeping the president close to the American people as the press is kept at arm's length and the transition from film to digital as it has affected the photographer's work. A White House lensman sent out 2-3 photos a week in the 1960s - whereas Souza currently sends out 50 every day. Anecdotes reveal the pain and pressure of the photographer's job. We witness the travails of Yoichi Okamoto, who was fired (temporarily) over Lyndon Johnson's jealousy that Okamoto was profiled in...
