

Chemistry: Homework Helpers (Homework Helpers (Career Press))

By Curran, Greg

Career Pr Inc, 2004. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Do you fear mole conversions and Avogadro's number? Are oxidation-reduction reactions just too much to handle? Are the Ideal Gas Laws getting you down? When your teacher tries to teach you how to name organic compounds, is he or she speaking a language you never learned? Homework Helpers: Chemistry is a user-friendly review book that will make every student-or parent trying to help their child-feel like he or she has a private Chemistry tutor. Concepts are explained in clear, easy-to-understand language, and problems are worked out with step-by-step methods that are easy to follow. Each lesson comes with numerous review questions and answer keynotes that explain each correct answer and why it's correct. The Homework Helpers Series is just what students need to boost their confidence and give them the help they need to ace even the most challenging classes.

Reviews

Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).

-- Doris Beier

This composed pdf is great. It usually will not cost too much. I am very easily can get a pleasure of reading a composed book.
