

# SAR Signal Processing Using NLFM Waveform and Phase Error Compensation

Filesize: 5.36 MB

## ***Reviews***

*This pdf is fantastic. This really is for all who statte there was not a worth looking at. Your lifestyle period is going to be convert the instant you complete looking over this pdf.*

## SAR SIGNAL PROCESSING USING NLFM WAVEFORM AND PHASE ERROR COMPENSATION

DOWNLOAD

To download **SAR Signal Processing Using NLFM Waveform and Phase Error Compensation** PDF, please refer to the web link beneath and save the document or have accessibility to additional information which are in conjunction with SAR SIGNAL PROCESSING USING NLFM WAVEFORM AND PHASE ERROR COMPENSATION book.

LAP Lambert Academic Publishing Mai 2016, 2016. Taschenbuch. Book Condition: Neu. 220x150x10 mm. This item is printed on demand - Print on Demand Neuware - In this book, signal processing issues of synthetic aperture radar (SAR) have been under consideration. Specifically, we have focused on two topics in the field of SAR signal processing in this research consisting of nonlinear frequency modulation (NLFM) signal in SAR imaging, and phase error compensation using a new autofocus algorithm. In the first study, a new NLFM waveform is developed, which can be used as a transmitted chirp in SAR imaging to improve the imaging quality compared to LFM chirp signal. The new NLFM is constructed based on piecewise linear functions which is optimized using multi-objective optimization. Different signal prospecting algorithms including time domain correlation, back-projection, omega-k, and range-Doppler algorithm are investigated in order to use NLFM as the transmitted chirp in SAR system. In the second study, a new autofocus algorithm is proposed for back-projection (BP) image formation of SAR imaging. The approach is based on maximizing an objective function obtained by prominent points in different sub-apertures of constructed SAR image by varying the flight trajectory parameters. 164 pp. Englisch.
